

Respect

Sub-Concepts Covered: Self-Care, Kindness

Kindness in the Classroom lessons teach kindness skills through a step-by step framework of Inspire, Empower, Act, Reflect and Share. Each lesson starts with the 'share' step to reinforce learning from previous lessons. The 'act' piece is woven into the lessons but really takes place in the projects.

Welcome to the new school year! This is our first unit out of six that we will cover this year. There are four lessons and two projects in every unit. The focus of this Respect Unit is on students learning how to respect themselves, others, and their community. Lessons will allow students to explore self care, respectful communication, and problem solving.

Unit Objective

Students will:

- Learn how to show respect to others both in the classroom and at home.
- Demonstrate how to use respectful communication with others.
- Work respectfully during both independent and work related activities.

Student Introduction

Welcome to our new school year! We are going to take these first few weeks to explore the concept of Respect. This means we think about how our words and actions affect our friends, our families, and anyone else we meet up with in our day. It's so important to treat others with kindness and respect, even when we might not agree with what they are saying or doing. To help us learn how to do this, we are going to explore these areas:

- Respecting ourselves, others, and our community!
- Using respectful words in our conversations!
- Practicing kind ways to problem solve during difficult times!

Let's dive deeper and explore Respect!

Unit Lessons

Lesson Title	Lesson Objectives	Materials Required
Lesson 1 Respect Fortune Tellers	<ul style="list-style-type: none"> Identify the three levels of respect exercised each day at school. Demonstrate concrete methods for practicing Self-Respect, Respect for Others, and Respect within the School. 	<input type="checkbox"/> Paper <input type="checkbox"/> Scissors <input type="checkbox"/> Pencils
