

Integrity

Sub-Concepts Covered: Honesty, Kindness

Kindness in the Classroom lessons teach kindness skills through a step-by step framework of Inspire, Empower, Act, Reflect and Share. Each lesson starts with the ‘share’ step to reinforce learning from previous lessons. The ‘act’ piece is woven into the lessons but really takes place in the projects.

In the Integrity Unit, students learn the value of acting and living with integrity. They will see real-life stories of integrity in action and get an opportunity to role-play stories about integrity and honesty. They will also complete a personal Integrity Inventory. The sub-concept in this unit is honesty, which is a familiar topic that will allow students to build towards a better understanding of integrity.
