

# Inclusiveness

## Sub-Concepts Covered: Equity, Fairness, Kindness

Kindness in the Classroom lessons teach kindness skills through a step-by step framework of Inspire, Empower, Act, Reflect and Share. Each lesson starts with the 'share' step to reinforce learning from previous lessons. The 'act' piece is woven into the lessons but really takes place in the projects.

In the Inclusiveness Unit, students will talk about inclusivity through the lens of the other kindness concepts as well as through the sub-concepts of equity and fairness. This unit includes some hands-on activities that require teamwork, which also reinforces the concept of inclusiveness. Students will also participate in writing a mission statement of inclusion for their classroom, which will help reinforce this concept well beyond the conclusion of the unit.

## Unit Objective

Students will:

- Identify similarities and differences among different objects or people.
- Recognize how teamwork requires inclusiveness.
- Develop a mission statement through an acrostic poem around the qualities they value about inclusion.
- Apply problem-solving strategies to help make different situations fair, equal, and/or equitable for everyone involved.

## Student Introduction

Welcome to the Inclusion Unit! This is a really great unit because you get to do a number of hands-on activities and will be challenged to look at inclusiveness using all of the kindness concepts you've studied so far! Inclusiveness is a great way to show respect, caring, and kindness - both to others and to yourself. You will also evaluate different situations for how fair and equitable they are, two concepts that are important for you to understand and look for in everyday life! Having a fair and equitable world will be the work of all of us.

- Recognizing similarities and differences (and how most things are more similar than they are different)
- Teamwork
- Connecting all of the kindness concepts studied so far: Respect, Caring, Inclusiveness
- Fairness and equality

Let's get started with our first lesson!
